CallSource AUTOMOTIVE

UPLOAD LIST COLUMN HEADER GUIDE

Required fields and headers for CallSource Automotive outbound upload lists

General Rules

- **Use the exact column headers** shown in this guide when preparing the upload list. Headers are not case-sensitive, but spelling must match exactly: use underscores and do not add spaces or extra characters.
- **Email:** for ALL lists, the email column header is required even if email addresses are not provided.
- **Service type:** include service recommendations if they are provided with the list.
